LAYING PLANS
FOR CAMPAIGN.Letter Carriers Hope to Get
Their Pay Increased.First Conference of Boards of
Health Begins Work.Postoffice and Machen Coal Con-
tract—Efforts to Bar Out
the Chinese

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, June 3.—(Exclusive Dispatch.) Letter carriers are already laying plans for the campaign in Congress, next winter, to secure the long-deferred passage of the bill to increase their pay. Eugene Loud, who for many years was chairman of the Postoffice Committee, and presided over the conference of letter carriers for election last year, and the carriers believe that with Loud out of Congress their chances of getting better pay are increased 50 per cent. Loud was the determined leader of the letter-carriers' bill, believing that these employees are already paid as much as they should receive.

E. J. Cantwell, formerly of Brooklyn and present secretary of the National Association of Letter Carriers, purposes to call on Postmaster-General Payne in the next day or two and arrange an interview between him and a delegation of carriers representing the association, as soon as Payne names the date. Cantwell will send for M. A. Fitzgerald of New York, member of the National Executive Board of the Letter-Carriers' Association, and E. G. Gainer of Muncie, Ind., secretary of the Executive Board. Together with Cantwell, these men will present an argument to show that the Postoffice Department should endorse the project of advancing the pay of the carriers. This is something that Postmaster-General for the past four or five years have refused to do.

Last winter, Gen. Payne simply ignored the subject in view of the Presidential order that the employees of the government should avoid the capital and not attempt to interfere with legislation in any way. The carriers will be greatly handicapped in the campaign for more pay unless Gen. Payne puts his stamp of approval on the scheme. If he indorses it, carriers will go to work with a will to raise public sentiment in favor of the proposition. Petitions will be circulated urging Congress to pass the bill. These petitions must, of necessity, be forwarded to Payne, who, in turn, will send them to the Postoffice Committee. The carriers want the present law amended so as to create two new grades of pay, one of \$1200 for clerks in large cities and another of \$1000 for clerks in cities of less than 75,000 inhabitants. The present maximum pay of carriers in large cities is \$1000 and in smaller cities is \$850.

The letter carriers are much interested in the subject of who is to succeed Loud as chairman of the Postoffice Committee. Were it not for his infirmities, Keckman of New York would get the place by rule of seniority. George W. Smith of Illinois has been talked for, but he is not chairman, as has also Representative Cromer of Indiana.

BOARDS OF HEALTH.

CONFERENCE AT WASHINGTON.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, June 3.—The first conference of State and national boards of health, under the act of 1902, began here today. Surgeon-General Wyman of the Marine Hospital Service presided. Dr. W. H. Wyman, in an address, said that the great need of the country was closer association and union of effort between State and national health authorities. He briefly described the system and workings of the United States Public Health and Marine Hospital Service, and suggested a plan of organization by which the work of national and State health administrations might be coordinated and made more effective. The conference adopted resolutions, expressing approval of the methods of cooperation suggested by Dr. Wyman.

Dr. Foster of California gave a description of the operations in relation to the plague danger in San Francisco. He said that, with the vigorous cleaning of Chinatown, the fear of another attack of this disease was rapidly disappearing. He attributed the success achieved to the hearty cooperation existing between the State and national health officers, in endeavoring to stamp out the infection.

In all, twenty-one States were represented at the conference. A long discussion of local health and quarantine conditions was held, the various representatives expressing their views on the method of carrying them out in their particular States, and the method of carrying them out in the United States.

Westbrook of Minnesota, Hunter of Mississippi, McAllister of Missouri, Probst of Ohio, Smith of Oregon, and others, discussed the plague danger in San Francisco, and the method of carrying them out in their particular States, and the method of carrying them out in the United States.

The conference adopted the following resolution: "Whereas the conference of the State boards of health of the United States, with the Public Health and Marine Hospital Service, having considered the state of the health and ability of the Governor and State Board of Health of the State of California, and the method of carrying them out in their particular States, and the method of carrying them out in the United States."

A committee was also appointed to draft a resolution expressing regret at the death of Dr. Matthew Gardner, late president of the State Board of Health of California. The conference adjourned this day.

THREE BATTLESHIPS.

BIDS ON THEM OPENED.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, June 3.—Bids were opened today at the Navy Department for the construction of the Minnesota, Vermont and Kansas, the three 16,000-ton battleships authorized by the last Congress, each to cost not exceeding \$4,212,000.

The Newport News Shipbuilding Company of Newport News, Va., was the lowest bidder for one vessel; the William Cramp & Son Ship and Engine

Building Company were the only bidders for more than one ship.

MOST POWERFUL IN NAVY.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, June 3.—These battleships will be the most powerful of the American Navy. They will have a required speed of 18 knots, a displacement of 16,000 tons, a main battery of eight 12-inch, eight 5-inch, and twelve 7-inch breech loading rifles, and a secondary battery of twelve 4-inch, one 6-pounder, rapid fire gun, twelve 3-pounder, automatic guns; six 1-pound, automatic guns; two machine guns and six automatic guns.

Arrangements of battery will be as follows:

The 12-inch guns mounted in pairs in two electrically controlled, balanced, elliptical turrets, on the center line, each turret, each with an arc of fire of about 270 deg. The 5-inch guns in four electrically controlled elliptical turrets, two on each beam, at each end of the superstructure. The 7-inch guns in broadside, on pedestal mounts on the gun deck behind 7-inch armor, each isolated by special interbulkheads of nickel steel; forward and aft guns are arranged to fire right ahead and right astern respectively. The 4-inch guns in broadside, on pedestal mounts on the gun deck behind 7-inch armor, each isolated by special interbulkheads of nickel steel; forward and aft guns are arranged to fire right ahead and right astern respectively. The 6-pounder, rapid fire gun, twelve 3-pounder, automatic guns; six 1-pound, automatic guns; two machine guns and six automatic guns.

Guns of the secondary battery will be mounted in commanding position, having a large arc of unobstructed fire. They will have 12 inch and 3 inch caliber.

A complete belt of armor nine feet, three inches wide, will protect the hull above the water line and the necessary casemate armor and protection for ammunition tubes will be provided. The protected deck will extend from stem to stern belt of 31 pound armor, with a nickel steel of 40 pounds on the flat and 100 pounds on the slope.

Vertical twin screw, four cylinder, triple expansion engines, will propel them and each vessel will be supplied with twelve water tube boilers. The total ammunition of each vessel will aggregate 594.8 tons. The general dimensions and features of the ships: Length 310 feet; beam 45 feet; extreme breadth at water line 76 feet 10 inches; draught 26 feet 6 inches; mean draft, 24 feet 6 inches; gross tonnage 16,000 tons; full load 20,000 tons. Total capacity 2200 tons.

WEATHER BUREAU BULLETIN.

CONDITIONS OF THE RIVERS.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, June 3.—The Mississippi River at Kansas City has begun to fall. The gauge reading this morning was 34.4 feet, a fall of six feet since Tuesday morning. The rise continues to the eastward, and at St. Louis this morning the stage was 31.2 feet above the danger line. From the water mark eight or ten feet, considerable damage can be done in the vicinity of St. Louis, not over 35 feet from the danger line. At St. Louis, the Mississippi continues to rise slowly. Keokuk this morning reporting a stage 3.5 feet above the danger line. The lower Arkansas is also a foot or two above the danger line, but has about come to a stand.

IOWA FLOOD SUFFERERS.

WORK TAXES COMMITTEE.

(BY THE ASSOCIATED PRESS—A.M.)

DES MOINES (Iowa), June 3.—The work of caring for the 5000 destitute flood sufferers is still taxing the local Relief Committee to the utmost. The committee has affirmed that there is no need of outside assistance. Ten thousand dollars have been subscribed here, in addition to a large quantity of clothing and food. At Atlantic, two marooned families were discovered in the Nishnabotna bottoms last night, cooped in their own homes by the flood.

For five days they had been compelled to sit on tables with no drinking water and practically nothing to eat. The river continued to fall rapidly between here and Keokuk.

SUN APPEARS AT LINCOLN.

(BY THE ASSOCIATED PRESS—A.M.)

LINCOLN (Nebr.) June 3.—The first appearance of the sun for fifteen days occurred this morning. The State has had continued rains for that length of time, and clouds have covered the sky.

COMMISSIONER WARE SAFE.

(BY THE ASSOCIATED PRESS—A.M.)

TOPEKA (Kan.) June 3.—Eugene F. Ware, Commissioner of Pensions, is safe. He has been in no danger at any time. He will try to return to Washington for several days, because of the demoralized condition of the railroads. A dispatch last night from Washington indicated that anxiety was felt over Ware's condition. The Perry fifteen miles from here, were fifteen miles from the flood came up. Coughlin is at New Haven, Ct.

Three deaths from drowning are reported since last Tuesday. There are still about one hundred persons in houses in the flooded district, but all are safe.

The river fell during the night at the rate of an inch an hour, and today it is still coming rapidly. The refugees are being taken care of in a systematic manner, and there is no acute suffering. Today there is plenty of fresh water, provisions are being sent in, and more area in the flooded district is becoming available.

KEEPING OUT CHINESE.

TREASURY PRECAUTIONS.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, June 3.—(Exclusive Dispatch.) The Treasury Department is taking steps to draw the line tighter along the Mexican border to prevent the unauthorized entrance of Chinese. This is done in view of the importation of Chinese laborers at Manzanillo by the New China Commercial Company's line. "We believe all Chinese are closed up along the border," said Acting Commissioner-General Larned today, "but we are taking extra steps in order to be sure. As soon as Commissioner-General Sargent returns, further arrangements will be made for patrolling the Mexican border. No more Chinese will get over that line."

MACHEN COAL CONTRACT.

POSTMASTER-GENERAL'S POWER.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, June 3.—Postmaster-General Payne today that the reply of Fourth Assistant Postmaster-General Bristol to the Tulloch charges would not be made public until the report of the investigation of the Washington postoffice is submitted.

Postmaster-General Payne today made public the decision of Atty.-Gen. Knox, on which Mr. Payne based his award of the contract of the Department to Machen Bros. of this city, of which A. W. Machen, then city superintendent of the free delivery system is a member. The award was made to that firm as the lowest bidder during the coal famine last winter, and newspapers at the time charged that the award to a firm of which an official of the department was a member was a violation of the statutes.

The decision is dated January 15. The Attorney-General says: "While I am of the opinion that you are not forbidden by any statute from awarding the contract under consideration to the

lowest bidder, I must not be understood as advising you that you are under any legal obligation to do so. The matter is one of administrative consideration."

CANAL NEGOTIATIONS.

STATE DEPARTMENT RESTING.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, June 3.—The State Department has no present intention of making any movement in the matter of the Panama Canal negotiations until the Colombian Congress meets, June 20, and has given some evidence of its disposition toward the treaty. President Marroquin, it is understood, satisfied himself before calling the Colombian Congress in special session that the government would be able to command a safe majority upon the question of ratification. It is now known that considerable opposition has developed over since the call was issued, but it is believed that the opposition in Colombia was based on ignorance and unwarranted suspicion of the intentions of the United States government.

Consul-General Malmros of Colon, who has been in the city for some time, has conveyed the assurance that the best element in Colombia is coming around in favor of the treaty. Mr. Malmros, it is understood, is of this element, by means of an educational campaign which already has been inaugurated. He is sufficient to overcome the opposition.

VENEZUELAN PROTOCOL.

FRANCE WANTS CHANGES.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, June 3.—France has signified a willingness to adhere to the protocol providing for the submission to the Hague Tribunal of the question of the preferential treatment growing out of the late Venezuelan blockade.

She attaches, however, certain conditions to her adhesion; first, that the proceedings shall be in the French language; and second, that instead of limiting the counsel of the non-allied powers to one attorney, Wayne Macomber, French counsel, will be represented by French counsel. If these conditions are accepted, there will be but three non-allied powers represented at The Hague, namely, the United States, France and Mexico.

WASHINGTON BRIEFS.

Steam Vessels' Inspectors.

WASHINGTON, June 3.—The Board of Supervising Inspectors of Steam Vessels is in annual session here. The purpose of the meeting is to revise the regulations, and to make recommendations to Congress for a revision of the laws governing steamboat inspections.

Twenty-nine Rifle All Right.

WASHINGTON, June 3.—Gen. Crozier, Chief of the Bureau of Ordnance, today received a report from the Infantry Board of Ordnance, recommending the twenty-nine rifle as an army weapon.

Headquarters in a Temple.

WASHINGTON, June 3.—Pending the erection of new legation buildings for the United States in Peking, the legation of the United States is temporarily housed in an old Chinese temple, situated on the grounds allotted to the United States by China. The premises heretofore occupied by the United States legation have become the property of the Korean government.

AMMON ON TRIAL.

Former Well-known California Politician Mixed up in the "Get-Rich-Quick" Swindles at New York.

(BY DIRECT WIRE TO THE TIMES) NEW YORK, June 3.—(Exclusive Dispatch.) Col. Robert Ammon, who tomorrow begins before the courts the fight in connection with his alleged complicity in the 520 per cent. Miller swindle, once was a well-known California politician. He was the son of a well-known California politician, and it was he who was largely responsible for the nomination of Gen. George B. Stoneman for Governor at the Democratic convention held in San Jose in 1882.

When Ammon reached California, in 1881, Dennis Kearny was in the height of his anti-Chinese political career in San Francisco. Within six months after his arrival in San Francisco, Ammon had head over ears the fight waged that year by the demagogic wing of the Democracy, and the alleged anti-Chinese sentiment against the Republicans. A fight between the two factions developed, with Kearny leading one and Ammon the other. Prior to the meeting of the Democratic convention, the factions held a caucus at Sacramento to settle the question of delegates. Ammon threw Kearny out bodily, and Ammon and his followers were sent to the convention.

Ammon's influence, more than anything else, that carried the day for Stoneman, after a long and bitter contest. Ammon expected to be handsomely rewarded by Stoneman, but the general forgot the anti-monopoly politician, and the colonel, in disgust, shook the dust of California from his feet and returned to New York. He had saved some money, and with it he opened a small brokerage office in Wall street. His restless activity was constantly seeking schemes of profit and advancement. He promoted numerous mining deals of doubtful character. He is now fighting John W. Gates in the courts for the property of Montana said to be worth millions.

Ammon is not accused of direct complicity in the formation of the notorious Miller syndicate, but he is accused of criminally overstepping the bounds while acting as counsel for Miller. He is accused of so arranging the affairs of the company that eventually he would have profited to the extent of \$140,000, which he knew to have been criminally obtained.

Miller himself is the chief witness against Ammon, and it is generally understood that the notorious swindler is to have official aid in securing a pardon for turning State's witness against Ammon.

While conducting business as a broker, Col. Ammon registered as a law student, and was admitted to the bar in 1892, pursuing his studies largely at night. In 1897 he was admitted to practice in the United States Supreme Court.

"Do I look as if I was worrying?" he said today. In truth he did not. "I'll be exonerated as sure as fate," he concluded, smilingly.

DRINK MADE HIM MURDERER.

HELENA (Mont.) June 3.—James B. Keel, one of the best known civil and mining engineers in the Northwest, was found guilty today of murder in the second degree, for the slaying of Thomas Crystal, a barkeeper, several months ago. Keel had been on a protracted spree, and after quarreling with Crystal, shot the latter, who died shortly afterward. Insanity was Keel's defense.

PITH OF NEWS FROM
THE MIDDLE WEST.

CHICAGO, June 3.—(Exclusive Dispatch.) Weather conditions generally throughout the Middle West showed a decided improvement today. Bright sunshine and more moderate temperature fell to the lot of Chicago, though the wind still holds in the northeast. The maximum temperature was 69 deg. at 1 p.m., and the minimum 53 deg. at 5 a.m. The only heavy rainfall was at Springfield, Mo. Slight showers are reported in Nebraska and Ohio. Temperatures at 7 a.m.: New York, 62 deg.; Boston, 64; Philadelphia, 62; Washington, 58, Chicago, 56; Minneapolis, 58; Cincinnati, 55; St. Louis, 64. FINANCIER'S DIVORCE CASE.

State Park Commissioners Meet.
Cured Fruit Association
Lingers On.

(BY DIRECT WIRE TO THE TIMES.)
PORTLAND (Or.) June 3.—(Exclusive Dispatch.) Passengers on the north-bound Southern Pacific, which arrived late this morning, fell off the train with three locomotives that sent forth smoke until some of the travelers were nearly suffocated.

The train was delayed in the tunnel an hour and a half because one of the locomotives wrecked loose a drive wheel. The tunnel was soon filled with smoke, and as there was a great quantity of it, there was no easy way of ventilation, and the passengers were almost overcome for a time, although it appeared later there was no real danger.

When the train broke in two at the time of the accident, there was a great excitement, but the conductor soon quieted all the travelers.

TRYING HARD TO DIE.

CURED FRUIT ASSOCIATION.

(BY DIRECT WIRE TO THE TIMES.)

SAN JOSE, June 3.—(Exclusive Dispatch.) The annual meeting of the California Cured Fruit Association was held today for the election of officers and directors. The present officers did not expect a quorum at the meeting, but called it an affair of form, in order to maintain the legal status of their own positions. Only once in the history of the association has it had a quorum and an election. Falling each time the old board and officers hold a practical life tenure on their positions.

A large body of growers have been struggling to break this deadlock, and put up an opposition ticket, and made a canvass for votes. Eighteen hundred and fifty-four votes are necessary to quorum; only 1405 votes were represented today. The opposition forces wanted to adjourn from day to day until a quorum was obtained and succeeded in carrying the day.

Hot altercations occurred today between the two factions. An energetic fight will be made in the next few days to elect a new ticket, and settle up the affairs of the institution.

DECIDUOUS FRUIT.

GOOD SEASON IN PROSPECT.

(BY THE ASSOCIATED PRESS—A.M.)

SACRAMENTO, June 3.—(Exclusive Dispatch.) The California Fruit Distributors, says the prospect is that the shipments of fresh deciduous fruit from Northern and Central California this season will equal those of last season, provided the shortage on cherries and plums be made up with peaches and pears.

Cherry shipments will amount to about 160 cars, which is about 40 per cent. less than for last season.

The Southern Pacific has carried fruit to Oxnard so far this season on promised schedule, but there has been much delay on the Union Pacific. The best time to New York this season from Sacramento has been eleven days, two days longer than the contract time. Manager Anderson thinks the prospects favorable for a good season for California deciduous fruit.

As advice show much injury to fruit crops and berries in the East. St. Louis has been added to the auction list, making fourteen cities in which fresh fruit from California will be sold by auction this season.

Sales of deciduous fruit from California will probably amount to 20 per cent. of the total of the fresh fruit shipments, which will be in the neighborhood of 7000 cars.

BRUTAL ASSAULT.

SCAVENGER THE VICTIM.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, June 3.—With his heavy coverings and painted features, his chest almost crushed in from men jumping upon it, and his skull fractured, Vincent Lavagnio, a scavenger, lay all last night in a vacant lot at Greenwich street and Van Ness avenue.

When taken to the Emergency Hospital today, he said he had been brutally assaulted by about a dozen scavengers because he had obtained a contract for removing the sweepings from a large building, after they had been discharged by the owner. Lavagnio's recovery is doubtful.

FRAUDULENT LAND ENTRIES.

GOVERNMENT INVESTIGATING.

(BY THE ASSOCIATED PRESS—A.M.)

PORTLAND (Or.) June 3.—Miss Marie Ware, who recently resigned as United States Commissioner at Eugene at the request of United States District Judge Bellinger, was arrested here today. Miss Ware is charged with conspiracy to obtain government lands by fraud. Horace G. McKinley, a timber land locator, was arrested yesterday, charged with making false affidavits in the office of the United States Commissioner at Eugene.

Special agents of the General Land Office have been investigating alleged timber-land frauds in this State for several months past. It is said that the fraudulent entries of land in this State will run into the thousands and that sensational developments are expected.

DOCIA NOLAN'S HOPE.

EFFORT TO SECURE FREEDOM.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, June 3.—The attorney of Docia Nolan, charged with arranging the conspiracy to rob Mrs. Emma Matthews, has determined to secure freedom for his client by the testimony of the thugs who have been identified as the assailants of Mrs. Matthews, and who, it is claimed by the prosecution, were directed in their cruel crime by the woman they would now save from penal servitude.

Nolan was put on the stand today, and told the story of the meeting in the Mexican restaurant, and denied the statement that Docia Nolan suggested the robbery of Mrs. Matthews. The most important point brought out in the prosecution was developed through questions put by a juror to

Detective Diman, the latter, who had known Nolan for years, testifying that he had always worn a mustache and after the robbery was committed, and then shaved it off.

JORDAN ALMONDS.

BIG CROP IN SPAIN.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, June 3.—The Commercial Museum has received a communication from the United States Consul Birch at Malaga, Spain, in which he reports that there will be a great crop of Jordan almonds in Spain this season. According to his forecast, there will be available at least 100,000 boxes of twenty-five pounds each for exportation. The most reliable information is that this year's crop of Jordans will be more than double the production of 1902, which is estimated as having been in the vicinity of 25,000 boxes.

It is thought that, owing to the lack of rain the fruit will be smaller than usual. This, however, will not affect the American market as the high quality of the Jordan will remain unaltered, and the larger sizes rapidly reach this country. It is expected that a considerable reduction in prices will result from the big crop. The local market is quiet, but probably be well cleaned up next month.

ARTFUL SEAMANS.

WORKS SACRAMENTO.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, June 3.—H. N. Nigle, alias Harry Seaman, who victimized many business men for considerable borrowed cash in Los Angeles last week by pretending that he was an agent for Ringling Brothers circus, and giving out lavish contracts for circus supplies, worked Sacramento yesterday to a small extent. Before he got away with much, his victims got on to his game, and he was forced to disgorge, and he left by an early train. He will try the same game in other places.

He is small and swarthy, 45 or 46 years old and has an ugly scar on the left side of his face, cutting into the left ear as if kicked by a horse.

IN AN OLD SHAFT.

FATE OF KENNA AND TRANGER.

(BY THE ASSOCIATED PRESS—P.M.)

SACRAMENTO, June 3.—A special from Placerville to the Record-Union says that William Kenna and M. Tranger, who left Volcanoville Saturday, May 23, and have been missing since that date, were found today in an old mining shaft, forty feet deep, between Mount Gregory and Volcanoville. Tranger was dead when found, and Kenna nearly so. Kenna says that Tranger lived until last Sunday. Before dying he went mad and tried to bite Kenna.

Trailing parties, searching for the missing men, discovered their whereabouts by seeing Tranger's little dog which was in the shaft. The faithful animal would not leave until his master was taken out of the shaft. After licking his master's hands the dog made no further objection, and went with his deliverers to his home near the Daggett ditch.

MEET AT YOSEMITE.

STATE PARK COMMISSIONERS.

(BY THE ASSOCIATED PRESS—A.M.)

YOSEMITE VALLEY, June 3.—(Exclusive Dispatch.) Gov. Pardee, with W. Foote, Mr. Givens, William H. Metson, William G. Kerckhoff, William G. Henshaw, Frank J. Short, Thomas A. Hendler, J. I. Lermen and J. C. Wilson, arrived today to attend the annual meeting of the State Park Commissioners. Gov. and Mrs. Pardee were given an official salute upon their arrival, and tonight there were fireworks and illuminations on the surrounding mountain tops in honor of the distinguished visitors.

The meeting occurred this afternoon in the Yosemite Park guardian's office, and was called to order by Gov. Pardee. Only routine business was transacted, and the meeting adjourned.

The important question of selecting the State guardian for the ensuing year came up, but was postponed to

tomorrow.

CLARK ROAD FREE FROM AFFILIATIONS.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, June 3.—(Exclusive Dispatch.) Senator Clark says that the reports that the San Pedro, Los Angeles and Salt Lake Railroad will affiliate with either the Goulds, Harriman or the Santa Fe are without foundation. He says he has his hands entirely independent and will treat all connecting lines at Salt Lake alike, provided they extend the same business courtesy. His acquisition of the Oregon Short Line south of Salt Lake City, by a track, is an actual purchase, and Harriman retains no interest in the property.

The San Pedro road will be finished and in operation between San Pedro, Los Angeles, and Riverside by the middle of July and eventually an extension will be built through the Cajon Pass, which, Clark says, will give a better and easier road than the Santa Ana. By a track arrangement made with the Santa Fe, the San Pedro will be able to use the tracks of that road between Riverside and San Bernardino and Daggett, and for whatever length of time it pleases Clark and his associates. The construction of 100 miles of costly road through the Cajon will not be necessary. This arrangement, however, he says, is only temporary, as it is the intention ultimately to have the San Pedro a complete line between San Pedro and Salt Lake. Some delay is being caused by bridging the Santa Ana River with a ten-span concrete structure 1000 feet long, as soon as the track to Riverside is finished, construction to cross the gap to Daggett will begin.

BAKERSFIELD SHOPS.

NOT TO BE ABANDONED.

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, June 3.—Speaking of the proposed consolidation of Southern Pacific machine shops, J. R. Small said, in an interview:

"The company will close down its shops at Bakersfield is incorrect. What the company will do is to consolidate the shops at Truckee and Wadsworth at Reno. When the new cut-off tracks are used in Nevada the road will not touch Wadsworth, and on this account we have decided that the consolidation of the machine shops at Reno is necessary."

The consolidation of the Wadsworth and Truckee shops at Reno will be made in the early part of this fall.

For Eighty Years Chickering Pianos

of Boston have borne the palm of supreme excellence in the art of piano building, and today are better than ever. No other firm manufacturing pianos has ever produced the equal of the Chickering. Chickering inventions are generally adopted by the rest of the world and never improved upon, except by Chickering & Sons themselves. That a reputation established 80 years ago should have survived through four generations and stand higher than ever today, is a unique fact in the business history of this continent.

SLOPE BRIEFS.

Du Pont Syle Sick.

SAN FRANCISCO, June 3.—L. Du Pont Syle, the writer, critic and member of the faculty of the State University, is ill at the St. Helena Sanitarium. He has been there for two weeks, and the story has gone abroad that he is dying. Syle is a man of letters, and his death would be a loss to the literary world.

Acquitted of Wife Murder.

SAN FRANCISCO, June 3.—After a deliberation of three hours today, a jury in Judge Dwyer's court acquitted Richard A. Fitzgerald of the charge of murdering his wife, Annie, during the night of January 23. It was alleged that he stabbed her with a pocket-knife.

Hibernia Bank Must Pay Taxes.

SAN FRANCISCO, June 3.—The Supreme Court in a decision today declared that the Hibernia Bank must pay disputed taxes amounting to \$1986, for the years 1899-1900. The property on which the levy was made, consisted of two checks, or orders on the treasury of the United States. The first for \$120,000, and the second for \$1875.

STOOD GUARD AT BECKWITH.

SHERIFF SERVED INUNCTION.

(BY THE ASSOCIATED PRESS—A.M.)

QUINCY, June 3.—Last night about 400 men employed by the Boca and Lovatton Railway, stood guard at Beckwith to prevent the Sierra Valley Railway from tearing up a crossing made by the former over the track of the latter road, Saturday night.

Sheriff Hall arrived on the scene of impending conflict at 1 o'clock this morning, and served an injunction on the Sierra Valley Railway. The armed men have since been dispersing. Briefly, the situation is this: The Boca and Lovatton has crossed the track of its competitor, but is enjoined from doing so again, and the Sierra Valley road is enjoined from tearing up the crossing made by the enemy. The difficulty will be settled in the courts.

WESTERN PACIFIC FRANCHISE.

PASSED OVER MAYOR'S VETO.

(BY THE ASSOCIATED PRESS—P.M.)

STOCKTON, June 3.—The City Council tonight passed over Mayor Catt's veto the franchise granting the Western Pacific Railroad a right of way over Ohio street in Stockton. The franchise has been fought hard, and when the Mayor vetoed it because of its lack of restrictions, the Council was ready to pass it over the veto, but postponed action to give all interests a hearing.

The matter was up in committee of the whole today, and President Barnett of the Western Pacific was urged to prompt action. The committee decided to override the veto, and the vote tonight was 4 to 1 for the franchise. The Western Pacific now has a right of way from the southern to the northern line of the city, and to the water front.

Checking Over Freight Rates.

MILWAUKEE, June 3.—The Trans-Continental Freight Association met in convention here today behind closed doors. Edward Chambers, of Los Angeles, Cal., one of the leading railroad men attending the convention, says the object of the meeting is to check over trans-continental freight rates, and also rates from the Pacific Coast to the Orient. Today's session was taken up with routine business.

PRESIDENT.

(CONTINUED FROM FIRST PAGE.)

men and manufacturers united in a movement for making the visit a general holiday. The President reached Rockford at 9:15 o'clock a.m. He was accompanied by Congressman Hitt and John A. Davis. He was officially greeted by a committee of six, headed by the British Minister to the United States, Lord Curzon.

Following the visit of the President and his party, there was a public parade of civic and military organizations. During the afternoon came the formal diplomatic exercises of the day. The British Minister to the United States, Lord Curzon, made the principal address of the day.

SATCHEL FULL OF DYNAMITE.

(BY THE ASSOCIATED PRESS—A.M.)

BLOOMINGTON (Ill.) June 3.—There was a sensation today over the discovery of a satchel full of dynamite hidden near the Chicago and Alton tracks in Lincoln. This was located within a few feet from the point where the President leaves the train tomorrow morning, and a plot to assassinate the President was being hatched by the police. A thorough investigation is in progress.

BEAUTIFUL TROTTERS.

GIFTS FROM THE CZAR.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, June 3.—(Exclusive Dispatch.) The beautiful and perfectly-matched chestnut trotters which arrived from St. Petersburg on the Atlantic liner Minneapolis, said to be gifts from the Czar of Russia to the President, were moved from the steamer today.

According to Harry Clark, horse foreman of the steamer, they are to be shipped to Chicago tonight, and from there, later in the week, to Washington. He could not explain this roundabout method of shipping the pair.

"As far as I know," said Clark today, "the horses are direct gifts from the Czar of Russia to President Roosevelt. That is what I was given to understand when they were shipped, and I believe that they are consigned to Ambassador Cassini."

The pair came from St. Petersburg and stood the long trip wonderfully well. They are in practically perfect condition. The horses are bright golden chestnuts, fifteen and one-half hands high, about 4 years old and about twelve hundred pounds weight. They are perfectly matched except that one has a small star in his forehead. The passengers on the Minneapolis were delighted with the horses, and learning that they were going to the President, named them "Teddy" and "Rough Rider."

Those Very Stylish Women's

Suits \$10.50,

Former Low Price \$17.50.

If you were quite sure that the \$12.50 you could secure a beautiful suit, made of nice material, in a correct style, would you not be interested? We promise this very thing. In the first place, these suits were marked \$17.50, but nearly every woman spoke of them as a very great value. They have that tailor-made air and so nicely put together. It's an opportunity you should investigate at once, before the last of them are gone.

And for \$17.50 These Suits

Are Not Equaled

Every one of them was formerly \$25.00. But at \$12.50 we considered them a more than ordinary value. Their style, their fit, their air deserve \$40.00 if ever a suit did. Not many remain now, but among the balance you are quite sure to find a pleasing style in your size.

\$8 00 Stylish Gray Skirts \$6.50

Gray is a popular color for summer wear. These are made of homespun, that material that has grown so favored. They are trimmed with bands of black satin, with black braids. No tailor could fit you better or please you more in style. Formerly \$12.00, now \$6.50.

Damask 50c, worth 65c

This is really a 45c damask. We won't say the price is cut, but it's a lucky buy which enables us to quote this price. With we could afford such damask for the money, but when this is gone who can tell how long it will be before another such lot comes along? Comes in a heavy ribbed, good, heavy quality, 45c inches wide, woven with a round thread, soft, rich finish. All such pretty patterns as foliage, floral and daisy designs.

Table Damask, Hale's Price 25c

We almost dislike to use our space for this item, because the stock is so full of beautiful table linens that deserve mentioning, and yet some folks are looking for an inexpensive damask, and this is certainly the greatest value we have ever seen for the price. A great many stores price this same quality at 25c, but even then, do they show you so many pretty patterns as you'll find here? It comes 36 inches wide, full length.

Eat Sunshine for Breakfast

To those people who have never eaten

SUNSHINE we wish to say: There is no breakfast food you can buy that will produce the beneficial effects that can be found in SUNSHINE. It is a health producer, a bone maker and a strength giver. From the standpoint of flavor it has no equal. It's easy to acquire the SUNSHINE habit if you try it once.

POLITICAL

ALMOST ALL
FOR HANNA.Seventeen of His Friends on
State Committee.Long and Loud Demonstration as
He Takes the Gavel.Pays President High Tribute and
Praises Achievements
of Party.

(BY THE ASSOCIATED PRESS.—P.M.)
COLUMBUS (O.) June 3.—The opening session, as well as the preliminary meetings of the Republican State Convention today showed that the claim that this is "Hanna's year" with the party in Ohio, was well founded. It is conceded that his friends controlled almost all of the twenty-one Congressional districts. The closest contests were for members of the State Central Committee, of which there are seventeen Hanna men. On some of the other committees the Hanna element was more nearly unanimous.

It is generally known that Myron T. Herrick, who will be nominated for Governor without opposition, joins Senator Hanna in the desire not to take the nominations for all the State offices, and at the same time not fighting in the floor of the convention.

The auditorium was packed when J. B. Cline, chairman of the State Central Committee called the convention to order this afternoon. When Senator Hanna was introduced as temporary chairman, the demonstration was long and loud.

HANNA'S SPEECH.
Senator Hanna spoke in part, as follows:

"I congratulate the Republican party of Ohio upon this splendid representation of the party, and I bespeak for the Republican party of Ohio the hope and wish that your deliberations will be governed by good judgment and proper spirit."

"I claim that in the light of experience of the last half century, the most important principle of the Republican party for the benefit of the people is the principle of the foundation stone. Human liberty and protection to American industries and the American workingman are placed in the archives of our country in its history, and furnish its foundation stone, and it was raised year by year, tried by experience and encouraged by success, let me point to that magnificent structure, the demonstration to the principles of the Republican party, and let that party write the inscription upon its base in letters that all who run read, 'Hands off!'"

KEEP UP GOOD WORK.
"Time and patience have built that structure. The blood and sweat of our best husbandry have contributed to it. If we are to have a new era, or if the era of the twentieth century is to be a continuation of Republican prosperity, let those who are the workingmen of that edifice stand guard."

"Every time the Republican party has placed at the head of the executive affairs of this State their chosen candidate, it was a guarantee that the best interests of the people would be subserved, and that all the necessary attributes of economical and progressive administration would be the result. Time and results have proved that fact, and on this occasion it is a pleasure to me, hearing the close of the present administration, to contribute to your present Governor which he so richly deserves."

PHRASES PRESIDENT.
"What can be said of Ohio can be said of our nation."

"Republicans today can congratulate themselves that in the direction of national affairs, they have realized all they hoped for and all they expected in the administration of Theodore Roosevelt. We look back but a few short months, when that heroic young man, standing at the head of the awful tragedy at Buffalo, feeling and appreciating the responsibility which had come upon him, and in the presence of the American people made that sacred promise to them that to the best of his ability with his heart full of desire, it should be his aim to carry out the policies of President McKinley. (Long continued applause.)"

"And how well he has succeeded we all know and we feel that this convention will express an appreciation of that administration. We all realize that to that young President is due, as coming from his heart, the most patriotic, unselfish and energetic devotion to the interests of the people, the principles of his party. Standing in the presence of the American people and hearing those words, the solemn impact of which impressed itself upon all who stood near him, no one can question his motives or his sincerity. No one can place him in the category of a man whose ambition is greater than his patriotism. (Great applause.)"

LET WELL ENOUGH ALONE.
"Human liberty, protection to American industries and our workingmen."

"We started with that slogan many years ago. It went forth and reached the hearts of every freeman in the land and if we needed any additional tribute or any accessory to add to the list of that monument, it would be the culmination of happiness and contentment perceptible everywhere around us. I once said 'let well enough alone.' For God's sake keep it alone."

"When I hear the suggestions that the time may come as a result of the enormous influx of immigration, the spirit of Americanism will be contaminated by contact, I say, 'No, my friends!'"

The institutions of these United States are upon a surer foundation, and there is a bulwark, built years ago, which stands today stronger and stronger. That bulwark is our common schools, our institutions of education, so that we are adequately prepared for all assimilation that may be necessary, for any and all who may come to our hospitable shores."

The future of the United States cannot be measured in words. The experience of fifty years has taught us that nothing is impossible. There are no conditions existing today but that are in a further stage of development than they have been in the past."

The United States stands today in the front rank of the industrial nations of the world. Having just arrived at that point, does any one suppose we are going to stop or halt in our progress? That is not the spirit of the American people."

CAPITAL AND LABOR.
"Concerning the relationship between capital and labor: The day is dawning when that all-important—aye, economically important—question will be taken up for discussion and considered, not purely from the standpoint of politics, but from the standpoint of humanity and sovereignty. That is simply another milestone to mark our progress in that direction, but it will not be the last. 'Onward' is our motto as a people, and in order that that advice may be safeguarded, all the people must look for guidance along that path to those who lead them and have led them safely in the past."

"We have never failed when we have gone before the country upon that solid foundation, not of theory, but of fact, and have redeemed the prophecies we made."

"The Republican party is in the lead, and we have no brass bands ahead of us."

"We are going to follow along the lines and by the straight path which we have trodden for nearly fifty years."

"You must accept results as proof, and if you consider not only your own material interests, but the best interests of society, and of your common country, you cannot fail to find yourselves in the ranks of the Republican party without regard to past party affiliations, with that banner floating aloft which proclaims the serene repose of the Republican party."

PREPARING PLATFORM.
The call by Congress districts was then made for members of the Committee on Credentials, Permanent Organization, Rules and Order of Business, etc., when the convention, after being in session only an hour, adjourned until 10 o'clock tomorrow morning.

The recommendations agreed upon commend the President's ability and adherence to McKinley principles, and favor his nomination and the reelection of Hanna as Senator, and name Gov.-Gen. Taft of the Philippines. No change is wanted in the tariff or other national declarations. Certain planks insisted upon by the Mine Workers' Union as it appears in the papers today, nor the statements of the representatives of the union, justified by the facts of the situation as they exist in the anthracite regions as I understand them.

LABOR.
MACHINISTS' STRIKE OFF.Slight Concession to Men by
Union Pacific.Some of the Old Hands Will be
Again Given Employment.Squabble in Anthracite Region.
Freight Handlers Return
to Work.

(BY DIRECT WIRE TO THE TIMES.)
OMAHA (Neb.) June 3.—[Exclusive Dispatch.] The striking Union Pacific machinists and President Burt adjusted existing differences this afternoon, and the old men have been given sixty days to apply for work, and be taken back, after which time they will be on the same footing as any one else.

This settlement affects about 1200 men here and out on the line, many of whom have secured positions elsewhere. It also precludes trouble on the Southern Pacific.

President Burt and the striking blacksmiths will hold a conference Thursday at Union Pacific headquarters. It is predicted that a settlement will soon be reached, and then the eleven months' strike on the Union Pacific will have come to a close, although so far as efficiently running trains is concerned, it had been settled for months. The Union Pacific absolutely refused to discharge the non-union machinists, who had stood by the road during the long strike.

As to the general strike and outlook in Omaha, "there's nothing doing," except that each day a number of strikers are quietly returning to work as non-union men.

TRUESDALE'S STATEMENT.
DENIES THAT OF MINERS.
(BY THE ASSOCIATED PRESS.—A.M.)
NEW YORK, June 3.—President Truesdale of the Delaware, Lackawanna and Western Railroad made the following statement today:

"Neither the tone of the proclamation of the district presidents of the Mine Workers' Union as it appears in the papers today, nor the statements of the representatives of the union, justified by the facts of the situation as they exist in the anthracite regions as I understand them."

"There is no occasion for making any threats of a strike or a tie-up to settle the points at issue."

President Fisher of the New York Ontario and Western road said: "I think the situation is very much exaggerated."

NO EIGHT HOUR DAY.
COLLEGE GRADUATES' WORK.
(BY THE ASSOCIATED PRESS.—A.M.)
CHICAGO, June 3.—There is no eight-hour day for the college graduates, according to Dean Thomas F. Holgate of Northwestern University. In a speech to the students at Evanston the dean said:

"You are going out in the world to work. There will be no union to tell you not to work more than eight hours a day. You will come nearer to working eighteen hours than to the twenty-four. Some of you will get buried in your work, but keep at it, remembering the responsibility resting on you to do good work, and you will have your reward."

SMUGGLING OF CHINESE.
MORE INSPECTORS NEEDED.
(BY DIRECT WIRE TO THE TIMES.)
TACOMA (June 3.—[Exclusive Dispatch.] Frank P. Sargent, Commissioner-General of Immigration, went to Tacoma this morning on the cutter Grant. He will go there to Victoria and Vancouver to investigate conditions in British Columbia, which permit the smuggling of Chinese across the border. Investigation on the Sound has convinced Sargent that more inspectors are needed to properly police the northwestern boundary and enforce the laws against Asiatic coolies. He will recommend the considerable increase in the number of inspectors on Puget Sound.

Sargent expresses no sympathy for the Hawaiian planters in their efforts to secure cheap Asiatic labor. He says: "Of course, if in the face of the fall in the price of their products, the planters wish to continue getting returns of 61 per cent. on their investment, they must do so."

Eight Firms Surrender.
PHILADELPHIA, June 3.—This was a good day for the textile strikers in this city. Eight firms surrendered the demand of the workers, and the ranks of the strikers were swelled by the workmen in several mills going out.

PHILADELPHIA, June 3.—This was a good day for the textile strikers in this city. Eight firms surrendered the demand of the workers, and the ranks of the strikers were swelled by the workmen in several mills going out.

LABOR.
MACHINISTS' STRIKE OFF.Slight Concession to Men by
Union Pacific.Some of the Old Hands Will be
Again Given Employment.Squabble in Anthracite Region.
Freight Handlers Return
to Work.

(BY DIRECT WIRE TO THE TIMES.)
OMAHA (Neb.) June 3.—[Exclusive Dispatch.] The striking Union Pacific machinists and President Burt adjusted existing differences this afternoon, and the old men have been given sixty days to apply for work, and be taken back, after which time they will be on the same footing as any one else.

This settlement affects about 1200 men here and out on the line, many of whom have secured positions elsewhere. It also precludes trouble on the Southern Pacific.

President Burt and the striking blacksmiths will hold a conference Thursday at Union Pacific headquarters. It is predicted that a settlement will soon be reached, and then the eleven months' strike on the Union Pacific will have come to a close, although so far as efficiently running trains is concerned, it had been settled for months. The Union Pacific absolutely refused to discharge the non-union machinists, who had stood by the road during the long strike.

As to the general strike and outlook in Omaha, "there's nothing doing," except that each day a number of strikers are quietly returning to work as non-union men.

TRUESDALE'S STATEMENT.
DENIES THAT OF MINERS.
(BY THE ASSOCIATED PRESS.—A.M.)
NEW YORK, June 3.—President Truesdale of the Delaware, Lackawanna and Western Railroad made the following statement today:

"Neither the tone of the proclamation of the district presidents of the Mine Workers' Union as it appears in the papers today, nor the statements of the representatives of the union, justified by the facts of the situation as they exist in the anthracite regions as I understand them."

"There is no occasion for making any threats of a strike or a tie-up to settle the points at issue."

President Fisher of the New York Ontario and Western road said: "I think the situation is very much exaggerated."

NO EIGHT HOUR DAY.
COLLEGE GRADUATES' WORK.
(BY THE ASSOCIATED PRESS.—A.M.)
CHICAGO, June 3.—There is no eight-hour day for the college graduates, according to Dean Thomas F. Holgate of Northwestern University. In a speech to the students at Evanston the dean said:

"You are going out in the world to work. There will be no union to tell you not to work more than eight hours a day. You will come nearer to working eighteen hours than to the twenty-four. Some of you will get buried in your work, but keep at it, remembering the responsibility resting on you to do good work, and you will have your reward."

SMUGGLING OF CHINESE.
MORE INSPECTORS NEEDED.
(BY DIRECT WIRE TO THE TIMES.)
TACOMA (June 3.—[Exclusive Dispatch.] Frank P. Sargent, Commissioner-General of Immigration, went to Tacoma this morning on the cutter Grant. He will go there to Victoria and Vancouver to investigate conditions in British Columbia, which permit the smuggling of Chinese across the border. Investigation on the Sound has convinced Sargent that more inspectors are needed to properly police the northwestern boundary and enforce the laws against Asiatic coolies. He will recommend the considerable increase in the number of inspectors on Puget Sound.

Sargent expresses no sympathy for the Hawaiian planters in their efforts to secure cheap Asiatic labor. He says: "Of course, if in the face of the fall in the price of their products, the planters wish to continue getting returns of 61 per cent. on their investment, they must do so."

Eight Firms Surrender.
PHILADELPHIA, June 3.—This was a good day for the textile strikers in this city. Eight firms surrendered the demand of the workers, and the ranks of the strikers were swelled by the workmen in several mills going out.

SPORTING RECORD NO SOUTHPAW IN THEIR'S

Looos Lose to Oaklanders in the Seventh.

Ben Umpire and the Gods Did Not Help Them.

Trouble Between Jack Grim and McCloskey Over McCarthy. Horse Race Summaries.

(BY DIRECT WIRE TO THE TIMES.)
SAN FRANCISCO, June 3.—(Exclusive Dispatch.) Oakland scored again over Los Angeles today. The umpire did not help them, and the "gods" did not conspire in their favor. They played the game every minute of the time, and "Lefty" Graham did the rest. As long as there has been a ball team in the southern metropolis it has been proverbial that a southpaw was the special aversion. Graham was the southpaw today.

In the first inning the prospects looked dark for the recruits. Hoy landed a double. Wheeler sacrificed and Smith produced a safe hit. Smith walked. The defense started to work, but only Hoy managed to tally. A gift and two hits made a second run for the visitors in the eighth, which turned out to be their showtime. Drinkwater hit, Beahler in the fourth inning, and the next two men expired, but Kruger rapped safely and Gorton walked. Graham did the balance for a brace of runs with a single over second. Doubles by Devereaux and Murdock made an easy score in the fifth, and in the seventh the affair was clinched by consecutive batting. Devereaux and O'Hara found holes in the infield, and Beahler made a mighty swipe over Hoy's head that cleared the bases. Murdock also singled, but Beahler fell on an attempted double steal.

secutive hitting by Leitman, while Blawett was touched up erratically and three four bunts wild, each of which cost runs. Score: Seattle 8, hits 11, errors 1. Tacoma 2, hits 6, errors 1. Batteries: Leitman and Stanley; Blawett and Byers. Umpire, Warner.

NO GAME AT SPOKANE.
(BY THE ASSOCIATED PRESS-P.M.)
SPOKANE (Wash.) June 3.—No game: Los Angeles did not arrive.

NATIONAL LEAGUE GAMES.
CHICAGO PILES UP RUNS.
(BY THE ASSOCIATED PRESS-P.M.)
CHICAGO, June 3.—The locals won easily today, piling up seven runs in the first inning on four singles, a double, a steal, a sacrifice and three of Brooklyn's errors. Attendance 4300. Score: Chicago, 11; hits 12, errors 2. Brooklyn, 3; hits 5, errors 5. Batteries: Wicker and Kling; Garvin and Ritter.

PITTSBURGH-NEW YORK.
(BY THE ASSOCIATED PRESS-P.M.)
PITTSBURGH, June 3.—McGinnity's work behind the plate was brilliant. New York got beyond first base only three times during the game. Attendance 4400. Score: Pittsburgh, 5; hits 9, errors 1. New York, 0; hits 6, errors 1. Batteries: McGinnity and Phelps; McGinnity and Warner.

ST. LOUIS-PHILADELPHIA.
(BY THE ASSOCIATED PRESS-P.M.)
ST. LOUIS, June 3.—St. Louis made it two straight from Philadelphia today. A running catch by Smoot, coupled with Keister's heavy batting, were the features. Attendance 1900. Score: St. Louis, 4; hits 7, errors 0. Philadelphia, 3; hits 9, errors 0. Batteries: Rhoads and O'Neil; Duglesby and Roth.

BOSTON-CINCINNATI.
(BY THE ASSOCIATED PRESS-P.M.)
CINCINNATI, June 3.—Cincinnati lost today's game by their inability to hit Willie. Attendance 2500. Score: Cincinnati, 0; hits 4, errors 5. Boston, 6; hits 10, errors 0. Batteries: Harper and Peitz; Willis and Kittredge.

AMERICAN LEAGUE GAMES.
BOSTON-NEW YORK.
(BY THE ASSOCIATED PRESS-P.M.)
NEW YORK, June 3.—Boston lumped half of their hits off Griffith in the third inning and scored six runs. Attendance 2200. Score: Boston, 5; hits 9, errors 2. New York, 3; hits 6, errors 1. Batteries: Young and Criger; Griffith and O'Connor.

PHILADELPHIA-WASHINGTON.
(BY THE ASSOCIATED PRESS-P.M.)
WASHINGTON, June 3.—Philadelphia secured one or more in every inning, and won today's game handily, making it three straight. Attendance 1900. Score: Philadelphia, 2; hits 12, errors 4. Washington, 3; hits 12, errors 1. Batteries: Wilson and Clarke; Plank and Power.

LEAGUE CLUBS' STANDING.
PERCENTAGES TO DATE.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, June 3.—(Exclusive Dispatch.) The following is the standing of league clubs to date.

National League.
Chicago 72, Boston 68, St. Louis 67, Philadelphia 66, Cincinnati 65, Pittsburgh 64, Brooklyn 63, New York 62, Cleveland 61, St. Paul 60, Milwaukee 59, Detroit 58, Louisville 57, Kansas City 56, Washington 55, Baltimore 54, Cincinnati 53, St. Louis 52, Philadelphia 51, Chicago 50.

American League.
Boston 72, New York 68, Philadelphia 67, St. Louis 66, Cincinnati 65, Pittsburgh 64, Brooklyn 63, Cleveland 62, St. Paul 61, Milwaukee 60, Detroit 59, Louisville 58, Kansas City 57, Washington 56, Baltimore 55, Cincinnati 54, St. Louis 53, Philadelphia 52, Chicago 51.

CALIFORNIA CREW BEATEN.
ROWED ONCE TOO OFTEN.
(BY THE ASSOCIATED PRESS-P.M.)
SEATTLE (Wash.) June 3.—The Washington University crew today defeated the California University crew by three lengths in a mile-and-a-half contest on Lake Washington. When preparing to start, the Washington boat broke a rowlock and for a while it was thought that the race would be postponed. The Californians were asked to row an exhibition course, so as not to disappoint the spectators. Too late, however, that the race was discovered that the injury could be remedied on the spot, and the Southern crewmen were handicapped by having to row two courses in one day. They were given, however, a rest of three hours.

TROUBLE OVER JOE MCCARTHY.
WAS LOANED TO PORTLAND.
(BY DIRECT WIRE TO THE TIMES.)
PORTLAND (Or.) June 3.—(Exclusive Dispatch.) There is not the most cordial feeling existing between Manager Jack Grim of the Portland Nationals and McCloskey of the San Francisco Nationals at present. The trouble arose over Joe McCarthy. He was loaned to Portland by McKibben of the Tacoma team, and when the Portlanders went south, Joe complained of his leg and was allowed to remain behind. Then he was wired for his release, and threatened that if it was not given, he would jump to Oakland.

GRIM HAS RECEIVED A WIRE FROM HART IN SAN FRANCISCO, STATING THAT MCCARTHY HAS BEEN SIGNED BY THE SAN FRANCISCO TEAM, AND HE ACCUSES MCCLOSKEY OF TAMPERING WITH MCCARTHY TO MAKE HIM DISAPPEAR FROM PORTLAND. MCCARTHY WILL PROBABLY BE COMPELLED TO RETURN HERE, IF HE STAYS IN THIS LEAGUE.

HERMIS AT GRAVESEND.
BEATEN IN GREAT RACE.
(BY THE ASSOCIATED PRESS-P.M.)
NEW YORK, June 3.—Hermis, who was recently sold to E. R. Thomas for the reported price of \$60,000, made his first appearance of the year at Gravesend today, and although beaten, ran a great race. Dublin equaled the record by running the distance in 1:46 flat. Out of eight starters in the Greater New York Steeplechase only three finished, the others either falling or refusing. The winner turned up in the 15-to-1 shot Adjudamento. Results: Five furlongs, Vagabond won, Waterford second, time 1:01 4-5. Mile and a sixteenth, handicapped: Dublin won, Waterford second, Herbert third, time 1:27. Seventy yards, selling: Highlander won, Water Tower second, Tribes Hill third, time 1:45. Five furlongs, Vagabond won, Plover second, Mordella third, time 1:01 1-5.

DE "KID" NO KID.
MCCOY PUNISHES BAD MAN.
(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, June 3.—(Exclusive Dispatch.) "Kid McCoy," the prize

fighter, went out for Hawthorne Race Track today, and for a few moments was the star attraction, not in the betting ring, but in the barroom. Incidentally, Haley Williams, the New Orleans plunger, found cause for regret that he had a poor memory for faces. Just after the third race, Williams and several friends were standing at the bar, when McCoy and two other men stepped up and asked for drinks. The pugilist's elbow touched Williams, and the latter, priding himself upon his 250-pound avoirdupois, gave McCoy a shove and in a snarl said: "Get out of here, you son of a bitch." Reference to McCoy as a "kid," seemed to rouse the fighter. He made no verbal reply, but suddenly he landed a six-inch "hook" on the heavy man's right jaw. Twenty minutes later, Williams came out of his trance.

Fairgrounds Results.
ST. LOUIS, June 3.—Four and a half furlongs: Atlas won, Pinky B. second, time 1:00. Six furlongs: Bill Ben second, time 1:19. Mile and seven yards: Venus Vixen won, Eugenia S. second, time 1:27. Fiddle third, time 1:30. Six furlongs: Stand Pat won, Scorpio second, Santa Ventura third, time 1:20.

One mile: Deutschland won, Sioux Chief second, time 1:47. One and three-sixteenths miles: Cast Iron won, Patnos second, Never Such third, time 2:10.

Hawthorne Results.
CHICAGO, June 3.—Five furlongs: Falkland won, Premise second, Auditor third, time 1:07. One mile: Safeguard won, Lord Melbourne second, Canon third, time 1:43. One mile and a sixteenth: Favonius won, Air Light second, Red Conyn third, time 1:53 3-5.

Five furlongs: Shawana won, Ida Davis second, Wealth of Ivy third, time 1:03 3-5. Mile and a sixteenth: Aline Abbott won, Loone second, Wing Dance third, time 2:05 3-5. Six furlongs: Mimo won, Glasgof second, Epicure third, time 1:23 3-5.

Latonia Results.
CINCINNATI, June 3.—Six and a half furlongs: Blackmore won, Quis II second, Insolence third, time 1:26 1-2. Four and a half furlongs: Snow Cap won, Ogawa second, Laura Ireland third, time 1:04 1-2.

Mile: Frivol won, Binehillo second, Welch Girl third, time 1:47. Mile and a sixteenth, handicapped: Sinner Simon won, Travers second, Gold Bell third, time 1:52 1-2.

Five furlongs: Walter Duffy won, St. Paris second, Requisite third, time 1:05. Six furlongs: Grand Mary won, Daisy Hawthorne second, Raven's Roost third, time 1:15 3-5.

Umpire Cody Released.
BUTTE (Mont.) June 3.—Umpire Cody has been released by President Lucas of the Pacific National League and Pat'n succeeds him. "Piggy" Viard will quit Butte and return to Altona, Pa., to play in his home team. Dunn of the Pacific Coast League, will play with Helena. Kelly of Tacoma will also join the Helena Club.

Shamrock I at Fayal.
FAYAL (Azores Island) June 3.—Shamrock I arrived here this afternoon in tow of the tug cruiser. All well.

Fisher Will Try Keefe.
SAN FRANCISCO, June 3.—Manager M. A. Fisher of the Sacramento team has added another twirler to his staff in the person of F. F. Keefe, the young Santa Ana college player.

Kiawasha Wins Yacht Race.
NEW YORK, June 3.—The open race of 24 miles for schooner yachts of the Atlantic Yacht Association, which started last Monday night, was won by the Kiawasha on time allowance.

College Baseball.
NEW HAVEN, June 3.—Yale, 2; Dartmouth, 12. Providence, June 3.—Brown, 6; Harvard, 0.

TOUR DROWNED.
MANY ENDANGERED.
TRAGIC END OF EXCURSION ON THE MISSISSIPPI.
Steamer and Barge Loaded With Sunday-school Scholars Murled by Swift-running Current Against Pier—Quick Rescue Work Saves Hundreds.

(BY THE ASSOCIATED PRESS-P.M.)
HANNIBAL (Mo.) June 3.—Three children were drowned here today by the collision of the steamer Flying Eagle, towing a barge filled with Sunday-school excursionists, and a pier in the Hannibal bridge. The dead: LONNIE CURTIS, aged 15. LAURA O'GAPPE, aged 15. PEGGY HARVEY, cook. HARRY EICHENBERGER, aged 15. About 250 children from the Park Church Sunday-school, who started Hannibal had boarded the barge, and others were on the steamer. The excursion left Hannibal to run the Quincy and afford a view of the swollen Mississippi.

As the boat swung out into the river the swift current seized the steamer and despite all efforts, bore it straight toward the stone pier of the bridge nearest the shore. With a crash the steamer was hurled into the pier and wrecked, but did not sink immediately. For a time it was wedged against the pier by the current, and the horror-stricken children and the accompanying adults climbed up the pier to the bridge. In this way almost half of the passengers were saved.

Before all could reach safety, the barge was veered around by the current, and finally swung loose from the pier, and floated down stream. In the sudden swinging of the barge, the children were thrown into the water and swept to their death.

Carried by the surging waters at a rapid rate, the barge filled with screaming children, floated into the channel, and for a time it seemed that all were doomed to perish. But from further down the stream the tugboat had been witnessed, and at hand were a number of skiffs and rowboats of different kinds. When they thought these boats were manned, and like a miniature fleet, they shot out into the eye of the stream to meet the barge. Encouragement

Children, and they were urged to sit down and be quiet. This had a good effect. The tugboat, which was carrying the barge, and the children were quickly taken from it and safely landed.

Louis Sutton pleaded guilty to horse stealing at Gladys, Mo., and was sentenced to five years. While in jail he attempted suicide and later escaped, but was recaptured.

THE TIMES-MIRROR COMPANY.

BUSINESS.

The local bank clearings yesterday amounted to \$1,417,010.14, as compared with \$1,320,308.35 for the corresponding period of last year.

Free selling in the Chicago grain market brought down prices. The price level was lifted substantially in the New York stock market, while the call-money market continued very easy.

PUBLIC OPINION.

Public opinion has brought to an end the extensive strike in the building trades in New York City, which involved over 100,000 men and a weekly loss in wages of upward of \$4,000,000. Public opinion will cause the cessation of other strikes not founded in justice, in the not very distant future; for public opinion is all-powerful when once it is thoroughly aroused, and it is becoming more and more aroused to the evils, and to the positive danger, of trade-union domination.

The principal danger to be apprehended from trade-union domination, however, is not revolution, as some timid and pessimistic people profess to believe, but industrial stagnation. The danger of revolution in the United States, from any cause, is remote. The balance wheel of public opinion holds extremists and extreme tendencies in check. No cause can make headway against public opinion. Any cause which is opposed to public opinion is a minority cause. The majority rules. Majority rule is public opinion clothed with the power and the force of law. In the last analysis, public opinion is the government. Revolution, as the word is commonly defined, is virtually impossible in the United States, for the simple reason that the people rule. An idea, or a principle, which can command the support of a majority of the people, can control the government, and when it can do that the opposition will bow in acquiescence to the will of the majority.

Public opinion has long been tolerant of the pretensions and the demands of trade-unionism. It has been far too tolerant in this respect, as the public is beginning to find out. Public sympathy is misplaced when it is not placed on the side of right. The increasing unreasonableness and insolence of the union-labor bosses have served to alienate public sympathy from the unions, because of the manifest injustice of the demands made in many if not in most labor controversies. When public sympathy is alienated from a cause, in the United States, it becomes a lost cause. Public sympathy seldom remains long on the wrong side of any question. When it gets on the wrong side, in the first instance, it is usually because of a misapprehension as to the truth. It may be trusted to find the truth, ultimately, and to stand fast to it. As an abstract proposition, public sympathy goes naturally to the weaker side in any controversy, but the weaker side cannot hold public opinion permanently unless it is founded upon the bedrock of right and justice.

In many of the earlier contests between labor organizations and their employers, the scale of justice tipped plainly to the side of the strikers, and public sympathy was with them accordingly. As a rule, wherever a strike was founded in justice, and deserved to win, it was successful. In many cases employers submitted to manifest injustice rather than suffer the interruption and loss of business incidental to a prolonged strike. But the concessions made to the labor bosses, instead of satisfying them, seemed only to create in them an insatiable thirst for more, and the following demands were made. The employers were finally compelled, as a necessary measure of self-defense, to make a stand against these aggressions, which threatened the destruction of business. This

THROUGH GERMAN EYES.

Los Angeles was recently visited by a party of distinguished German agriculturists, who had been sent out by the German government to make a tour of America and gather information on agricultural subjects for the benefit of the farming community of that country. These representatives were not selected on the ground of social standing—the Germans know better than that—but on account of their thorough knowledge of the industry—or profession, as it might well be called nowadays. It is a great pity that they could not have spent a longer time in a section like this, which offers so many novel features in the cultivation of the soil. To spend only a day in Southern California is something like riding through the Smithsonian institution on a bicycle.

These Germans have undoubtedly learned a good many things from the United States, during their trip through the country, but on the other hand we may learn a few things from them. The two main criticisms made by them in regard to agriculture in the United States were, first, that we do not fertilize our land; and second, that we are cutting down our forest trees at a tremendous rate, and are not doing any planting.

Both of these points are undoubtedly well taken. Here in California the early settlers really came to believe that the soil, which yielded such enormous crops of cereals in the beginning, possessed some peculiar and mysterious properties, different from those found in other soils, and that it would never give out. It did not take many years to teach them their mistake. In Southern California, the enormous drain made upon the soil by a crop of oranges has forced the growers of that fruit to fertilize, to a considerable extent. Still, in the art of renewing the fertility of the soil we are yet in the kindergarten stage. We have scarce yet got over the time when a man would leave a worn-out section, like a pair of old shoes, and go to another tract of land. As these Germans pointed out, land that has been allowed to run down, needing large quantities of fertilizer, cannot begin to compete with virgin soil.

As to the forest problem, we are just beginning to take that up in this country. Let us hope that we shall not delay action until it is too late. In Europe they do things better, the forests being under the strict control of the governments, which regulate the ways and means of cutting the trees, so that a man cannot even cut a tree on his own land without permission. Nor is this unreasonable, when we consider how much influence the forests have upon the distribution of water, and consequently upon the fertility of the country. If this is true of lands where the rain falls, more or less, all the year round, how much more is it of Southern California, where, during the greater part of the year, we have to depend upon irrigation. By the way, in regard to the forests, our visitors saw in this the salvation of the country, from an agricultural point of view, because it will facilitate the subdivision of the land into small tracts of a few acres, which the owners can then afford to fertilize for intensive farming.

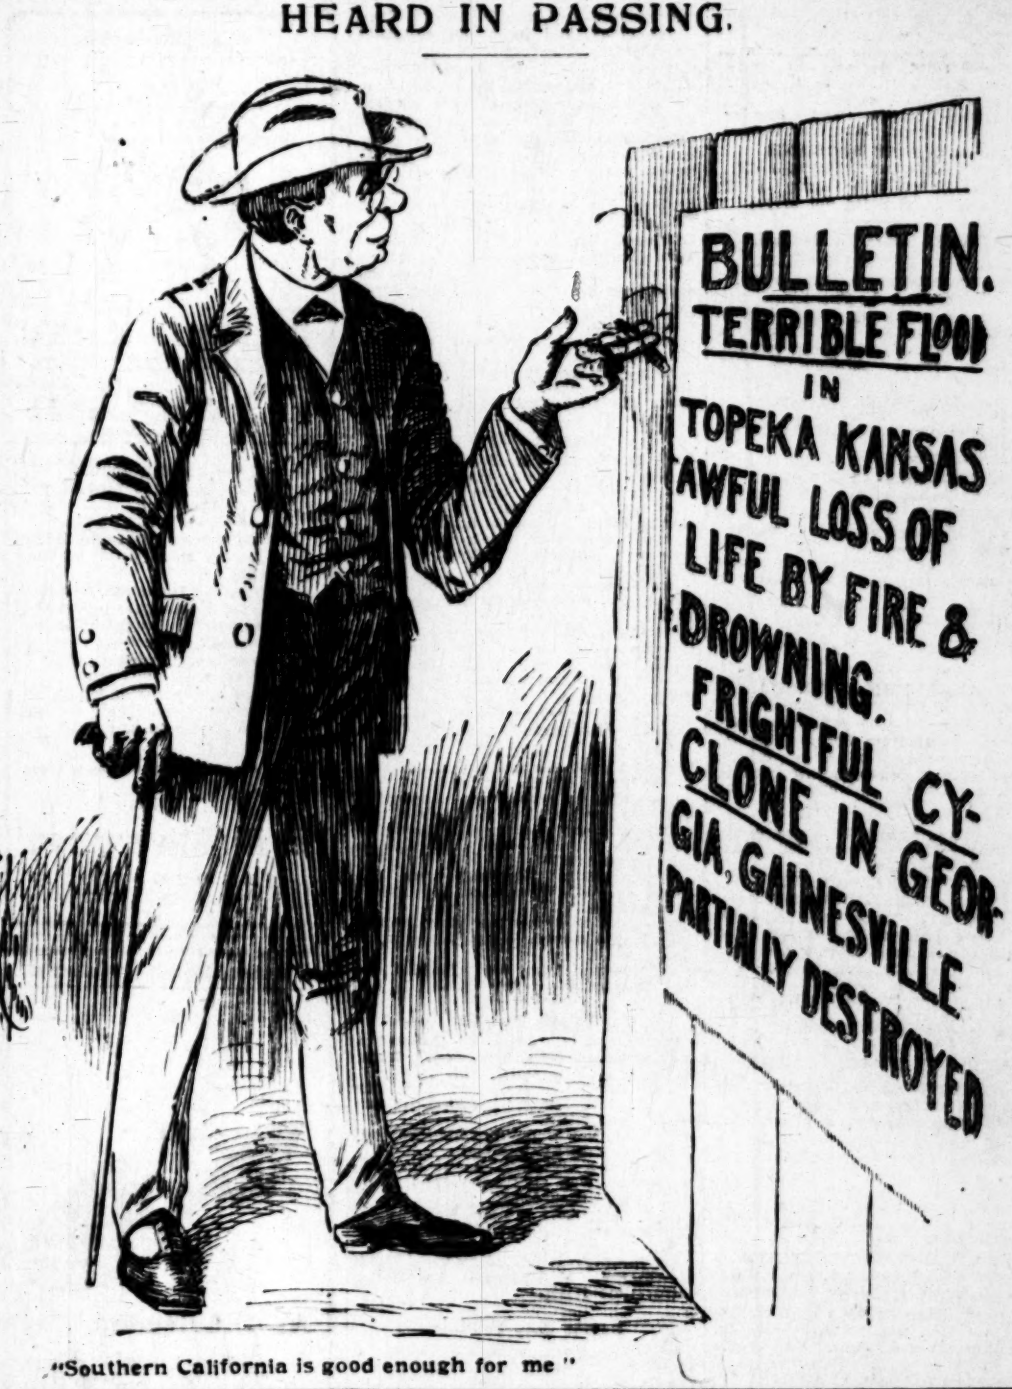

Another question touched upon by the visiting Germans was that of farm labor, the serious aspect of which question, in this country, they fully appreciate. In Germany there is also a growing difficulty in this direction, although it is, of course, not nearly so serious as here. In Germany, as in England, and in most other European countries, the farm laborers have their little plots of land, with a cottage, raising some vegetables, fruit and domestic animals, so that they have something to live on when they are not employed on the farms. Something of this kind will probably have to be adopted here long in the United States, as recently suggested by The Times. When asked why they did not make use of big farming machinery, like our harvesters and threshers, the Germans replied that to do so would only still further complicate the question of finding employment during the year for the farming population of Germany. Such a reply seems odd to the average American, who is accustomed merely to look for results, and "let the devil take the hindmost," but the question of finding employment all the year round for country workers is undoubtedly a serious one.

A lady doctor of Ann Arbor, Mich., makes known the fact that athletics is making the waists of our girls slimmer and their shoulders broader, and that because thereof the corset is likely to be driven out of business. This is a consummation most devoutly to be wished. There is little doubt that the corset is directly responsible for a large proportion of woman's ills, and its elimination from the garb of the dear creature is altogether likely to add to the comfort and happiness of the race. And besides that, the corset is such an unyielding thing when it becomes necessary to hold a girl from falling out of a sleigh.

We may be sure that the cry for aid from the people of Kansas was not given until there was no help for it, therefore should the response be quick and generous. Los Angeles ought to be in early and plentifully, as is becoming in one of the most prosperous cities in the United States, and one that has, as yet, never felt the hand of calamity laid heavily upon her.

The fame of California hospitality has expanded owing to the recent meeting of the Presbyterian Assembly in Los Angeles, as was to be anticipated. When we have built that new convention hall there seems to be no good reason why we should not have Los Angeles declared the permanent convention city by all organizations throughout the nation. This would

TERRIBLE FLOOD
IN
TOPEKA KANSAS
AWFUL LOSS OF
LIFE BY FIRE &
DROWNING.
CLONE IN GEOR
GIA, GUINNESSVILLE
PARTIALLY DESTROYED

"Southern California is good enough for me"

Just about the right place in which to locate.

"All that goes up must come down," and it is gratifying to the people in the flooded districts of the Central West to know that it is even so with rivers.

Human sympathy is all very nice, but the rattle of hard cash in the coffee talks in a mighty loud tone over the voice.

They are having hailstones as big as pigeon's eggs up in the State of Washington; but then the season is early yet.

It will be just like the luck of St. Louis to have none of those bonobies swept away by the flood.

Another antiaircraft strike is threatened. If it must be, this is the time of year to have it.

Even a cyclone cellar isn't of much utility when filled with water.

The sun is shining at Kansas City. Here, too. Let us all rejoice.

Those floods and tornadoes are a great "ad." for California.

Point of View.

In response to several earnest requests from parishioners the Rev. Dr. Goodman included in his morning service a petition for a cessation of the copious rains that had been deluging the land.

The next day's mail brought him the following indignant protest:

"Rev. and Dear Sir: I was both surprised and pained yesterday to hear you pray that the rain might stop. They haven't been a drop too much for my cucumber patch. If it stops now my crop will be a failure, and I shall consider you partly responsible for it. When it comes to managing the weather I don't think you have any right to butt in."—[Chicago Tribune.]

What Jimmy Would Do.

Mickey: Dat is de giraffe, Jimmy. What wud yer do if yer had a neck like him?

Jimmy: What wud I do? W'y I'd stand out at de baseball game every day an' rubber over de fence. [Philadelphia Record.]

MAY CIRCULATION OF THE TIMES.

The following is the sworn statement of circulation of The Times for May, 1908:

STATE OF CALIFORNIA, COUNTY OF LOS ANGELES, SS:

Subscribed and sworn to before me this 1st day of June, 1908.

(Seal)
Notary Public in and for the County of Los Angeles, State of California.

The average circulation for every day of May, 1908, was 20,131.

Copies shown an average daily gain for 1907, 19,000.

For 1908, 20,131.

The large number of persons in attendance at the May 1908 convention, together with the special Fiesta Number issued on May 31, make the May circulation for this year the same as that of last year, when the Fiesta Convention was held, somewhat above normal.

Untimely Divorce Case.

"I saw in Denver a while ago a man whose great chance in life was destroyed by a divorce case," said a Washington financial man. "He is a man who has been ruined, and he will probably never get in the way of making millions again, as he was on the occasion of which I am speaking. The story is interesting in a way, because John Pierpont Morgan was involved in it, so far as the financial part was concerned."

The man who lost out so heavily on account of the divorce case was a clever and able St. Louis lawyer. He got into the promising business on the side, and he conceived a scheme for consolidating the great zinc mine interests of John P. Morgan. He went to New York with the plan, and took it direct to Pierpont Morgan, who was just then—this was about ten years ago—coming to the front as a great industrial and railroad organizer.

Morgan liked the scheme and sent his agents out to John to investigate. Morgan went to work in earnest; and promised that he would underwrite the stock. It was all fixed and arranged, and with his options in hand, the St. Louis lawyer and promoter stood to win more than a million in cold cash out of the scheme.

"On the very day before Morgan was actually to take over the consoli-

ORIENT.

READY TO FLEE FROM ISLAND.

PANIC AT TOYIMA CAUSE VOLCANIC OUTBREAK.

Ukudake is Again Spitting Russian Movements on the Serious Menace to Korea as Japanese Fully Realize Their Case.

THE ASSOCIATED PRESS.

VICTORIA (B. C.) June 3.

has been received from the Orient because of the panic at Toyima the Loo Choo Islands as a result of the volcanic outbreak. The Japanese government has sent a ship to help to the islanders in case of necessity. This island is inhabited by 667 persons. The inhabitants are engaged in the collection of sulphur. The island is of a dangerous character. The Loo Choo Islands are situated in the Pacific Ocean, and are a part of the Japanese Empire. The volcanic outbreak has caused a great deal of alarm, and the Japanese government has taken steps to protect the islanders. The Loo Choo Islands are a group of islands in the Pacific Ocean, and are a part of the Japanese Empire. The volcanic outbreak has caused a great deal of alarm, and the Japanese government has taken steps to protect the islanders.

ORIENT. READY TO FLEE FROM ISLAND HOME.

PANIC AT TOYIYMA CAUSED BY VOLCANIC OUTBREAK.

Ukudake is Again Spitting Lava. Russian Movements on the Yalu Serious Menace to Korea and the Japanese Fully Realize Their Signifi- cance.

BY THE ASSOCIATED PRESS—A M.
VICTORIA (B. C.) June 2.—News has been received from the Orient that because of the panic at Toyima, a result of the volcanic outbreak, the Japanese government has sent a ship to render help to the islanders in case of necessity. This island is situated in the sea between the Japanese and the Korean coast. The inhabitants are engaged in the collection of sulphur. As the island is of a dangerous nature, the Governor of the Korean coast has advised the residents to evacuate to a safer place, but they refused to do so until the present outbreak occurred.

The Ukudake volcano in Chubu Province, Hokkaido, also shown signs of activity. Previous eruptions have caused heavy loss of life. Subterranean disturbances have been heard often of late, and people living near by are terrified.

Mail services from Manila tell of a disastrous act of vandalism on the part of visitors to the island. A Spanish vessel, the Reina Victoria, was sunk by a mine. The vessel was thought to have been sunk in gold on board, but it was not found. The vessel was found by her crew, who had been sunk by her crew, who had been sunk by her crew.

The Asahi has a telegram from Prince Tuan, former Chinese Minister, that he is in a fortress in Mongolia, and there are no signs of the reported activity on their part.

The Shinko says that with a view of increasing Japan's influence in Korea, the Japanese Minister at Seoul in connection with the British Minister, Reina Victoria, has been sunk by a mine.

Russian action on the Yalu is causing great alarm in Japan, and it has been predicted that war will be the probable result. If Russia does not retreat, the Russian movements on the Yalu are a direct menace to Japan, for the scheme of action will give Russia command of the straits of the Yalu.

Yen Anpu, where the Russians have bought a quantity of land, and are making troops under the guise of soldiers in the main road running south from Wuju to Pong Yang and Seoul. Though an insignificant place, it has great prospective importance, for by securing it, some work of breakwater building and dredging it could be converted into a harbor commanding the mouth of the Yalu. Its tenure by Russia, together with that of Yung King, would effectively deprive Korea of all access to the mouth of the Yalu, except by sea or with Russian permission.

With Ku Lion Ching and Taku Shan, which were used by the Japanese as depots when their armies went to Manchuria, Russia would be masters of the Yalu estuary and effectively block Japan.

The Universal Gazette of Shanghai publishes a dispatch from Kirin that an American engineer armed with a passport from the United States Consulate at Shanghai, had been ordered to leave the district by the Russian Consul at Kirin, who pronounced his passport useless. He went to Kirin to examine some mines for a company.

GETTING OUT OF MANCHURIA.
BY THE ASSOCIATED PRESS—A M.
WASHINGTON, June 3.—It is said at the Russian Embassy that advice from St. Petersburg are to the effect that the evacuation of Manchuria is steadily going on, and that the final withdrawal will take place in September. In accordance with the Manchurian agreement.

"HINKY DINKS" SALOON.

Alameda Kenna's New Beer Hall
Has Full of Lager for a Nickel.

(Chicago Tribune.) Resplendent with electric lights and polished mirrors, the new "barrel house" owned and conducted by "Hinky Dink," otherwise Alameda Kenna's beer hall, has been thrown open to the public. The resort is the pride of the "tired and weary," and over what is said to be the longest bar in the world thousands of "tubs" are passing daily.

When the "Workingmen's Exchange," the alderman's other house on the opposite side of the street, was closed to make way for a new building, it was sadness and dismay. "What is it?" was the cry. "What is left for us in 'Chit'?"

But the answer came back full of joy and faith. "We have never deserted you. We have trusted him and he has never let us down."

The faith was not misplaced. The alderman secured a long-term lease on the building on the opposite side of the street, a few doors south of Van Ness street, and a hundred carpenters and other mechanics were put to work.

The result was known when the doors were opened Saturday evening. The room, 100 feet long by 50 feet wide, is said to be the largest "barrel house" in the world. A small office is at the end of the bar, and a bread box that is big enough for a refrigerator is at the other.

On the opposite side of the room is a lunch counter where bowls of soup, prepared in the kitchen below, with unlimited quantities of bread, are always ready for the hungry.

There are no larger receptacles made of beer than the glasses that are handed across the bar. The bowl seems as large as an ordinary bar. The price is a cent.

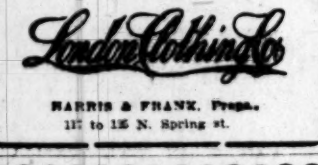

In front of the long bar is a trench, through which water is occasionally forced to carry away the beer foam. An electric pump forces the beer from twelve barrels at a time from the bar below.

Three bartenders are kept at work, and the alderman is recorded on cash registers. Twice or three times a day the alderman comes in from his other saloon at Clark and Van Ness streets, and empties the contents of the money store into a large sack, which he carries away in the safe.

Early in the morning an agent from the brewery comes, and counts the dimes and nickels, and there is little other money that reaches the registers. The alderman knows from the

No man who isn't actually deformed need go to a custom shirt maker—the Manhattan is cut to fit all normal figures. The new greys and figured whites have the preference. Many lesser priced but worthy sorts here in no end of attractive patterns.

U G

Is positive—good for two years—and is put in blue and white—no matter what the trouble may be.
J. P. DELANY, Expert Optician,
120 N. Spring St.

indicator how much money there should be, and he has no time to count it himself. The agent gives him or his secretary a receipt, and every month a check is sent for the amount that remains after the price of the beer has been deducted. Above the "barrel house" a lodging-house is being made ready. There will be rooms for 250 men—all guaranteed to be filled at registration time. Private lockers, shower baths, iron beds, and some of the conveniences, it is not for the one-night lodger, as the rooms are to be rented by the week. The gate will be \$1 each.

"I am going to give these poor fellows the best home they ever had in their lives," said Alderman Kenna yesterday.

Sixty men already have made application for rooms, and other floors may be added to the building, in order to meet the demand.

Between 7 o'clock Saturday evening and the same time on Sunday forty-eight barrels of beer had been sold. The supply ran out, and the bartenders were idle for several hours. There are about ten "tubs" of beer in a gallon, and in a barrel there are ten gallons. Forty-eight barrels means that 15,360 glasses of beer were sold in less than twenty-four hours in the new home of the "bum."

"I expect to average thirty barrels of beer a day in this place," Alderman Kenna explained. "Across the street I have sold on an average of seventeen barrels a day for the last five years, and here I shall have room for all my customers."

In Alderman Kenna making money? Well, here is what one of his friends said last evening:

"Hinky making money? Well, I guess. If I had his place and the trade I'd retire in a year. Just figure it up. With his rebates and his dividends from the stock he holds in the brewery, his beer will not cost him more than \$2.50 a barrel—and that's putting it high. He will average 320 glasses from each barrel, so that thirty barrels a day will mean an income of \$480. The beer will cost \$105. His help, lunch and other expenses will be about a hundred more. 'Is he making money?' He will make \$100,000 a year out of this place alone—the salary of the President of the United States and out of a South Clark-street barrel house."

THE LAST WORD.
Now she is dead, all you who say you love her forget and pass and love again. This be the parting word you breathe to her. "No beauty ever lived for her in vain."

She loved the sin and sorrow of the city. She loved the echoing woods and quiet sky. Small good did she. But in her heart was pity. For all who live to suffer life and die.

For her life meant the stress of utmost living. Wild was the heart that lies so still today. She gave with such a joy of reckless giving. That we forgive her all she took away.

—Alice Herbert, in Between the Lights.

The battleship Kearsarge left the New York navy yard yesterday for Kiel, Germany, and Rear-Admiral Parker, commander of the North Atlantic squadron, will transfer his flag to the Mayflower.

Pears'
We perspire a pint a day without knowing it; ought to; if not, there's trouble ahead. The obstructed skin becomes sallow or breaks out in pimples. The trouble goes deeper, but this is trouble enough.

If you use Pears' Soap, no matter how often, the skin is clear and soft and open and clear.

Sold all over the world.

J. W. ROBINSON CO.

BOSTON DRY GOODS STORE,
239 South Broadway, Opp. City Hall, Los Angeles.

The first three days of our June Clearance Sale shows a remarkable selling record, but no more remarkable than the special values which we set before you in our Sunday full page announcement.

Clearance of Linens

The prices are a considerable concession but they are not the biggest inducement, which, when linens are under consideration, is always the point of quality, and on quality you are perfectly safe here whether during the regular selling or on special occasions like this.

THURSDAY, JUNE 4, 1903.

LOCAL SPORTING RECORD.

MORE SUNDAY BALL AT PRAGER PARK.

DOUBLE HEADER BY TEAMS OF SOUTHERN LEAGUE.

Manager of the Looelos Returns—Local Nationals' Batting Averages to Date. San Francisco Sports Interested in the Foley-Woods Scrap.

There will be baseball at Prager Park today as usual, but the Nationals will not play. The attraction will be a double-header for the price of one admission. The first game will begin at 1:30 o'clock, and the contesting teams will be the Alhambra and the Downys of the Southern California League. The second game will commence at the conclusion of the first, and the Trilby colored aggregation will play the winners. The Triblys are trying to find some local team that will play a match game for \$200.

LOOLOS' MANAGER BACK.
Manager Morley of the Looelos returned yesterday after an absence of a month in the north. He is naturally very well pleased with the success of his team since it left Los Angeles, and he says the Los Angeles team drew more than the receipts being considerably over \$200.

NATIONALS' BATTING.
The batting averages of the local Nationals is given herewith:

Name	Last To	Week.	date.
Walters	215	335
Hartford	231	331
Hardy	275	306
Gannon	275	306
Strickland	273	269
Thompson	246	242
Meany	224	228
Thompson	222	222
Thompson	217	192
Thompson	171	171

Team batting average to date, .280.

BALLS AND STRIKES.
The Seattle Times has a story to the effect that Manager Morley of the Looelos is trying to get Jimmie Byrne, the new catcher of the Salt Lake team. Morley said last night that this is not true. He is not after any new men except a second baseman, to take Pitcher Wheeler's place.

Manager Jack Grim of the Portland Nationals has signed a pitcher named McGill, formerly of Louisville. He is said to be a crack pitcher and a heavy hitter.

Baseball writers in Seattle say that the Seattle team is the best in the west that ever hit the highway and yet this week it has twice beaten the Looelos Los Angeles leaders. The Seattle general manager is dreaming.

A Northwest paper states that Parker Wilson of the Coast Seattle team is to be sent to Chicago in the near future to play for the Cubs.

"BLOOD WILL TELL"

A corrupted person may deceive the public for a time, but when the blood is corrupted it always tells the truth—tells it by pale cheeks and wasted vitality; tells it by sores and skin eruptions; tells it by loss of energy and strength; tells it by every look and act.

THE BLOOD WILL NOT LIE

If it is thin and impoverished, it will show its pale cheeks, its dull eyes, its weak and sickly body, and it will say "Give me nourishment, for I am starving." If the blood has been corrupted by scrofula or any taint or poison, it shows the sores, scales, blotches and eruptions on the skin. You can't be well, you can't be good looking, you can't be happy unless you have good, rich, red blood. "Munyon's Blood Cure" and "Munyon's Liver Cure" will not only make good blood, but will drive out every vestige of poison. The "Liver Cure" will put the liver into an active and healthy condition, so that all the bile any impurity will be carried off and the bowels be made to move regularly. The "Liver Cure" will positively cure jaundice, biliousness, constipation and all forms of liver ailments. The "Blood Cure" will eradicate all diseases of the blood, and give life and energy to the whole body.

These remedies can be carried in the pocket, and if taken alternately during the day will soon clear up the complexion, heal sores, remove all eruptions, and put the body in a healthy condition.

"MUNYON'S WITCH HAZEL SOAP"

should be used in conjunction with the "Blood and Liver Cure." It soothes and heals sores, and allays all itching and skin irritations. It cures pimples, chapped hands, chafing and all skin diseases. It cures dandruff and prevents the hair from falling. It is, beyond all doubt, the finest soap for the toilet ever made. It will soften the roughest skin, and improve any complexion.

SOLD EVERYWHERE FOR 15 CENTS

A Beautiful Young Society Woman's Letter.

Dr. Hartman, M.D., 521 Wabasha St., St. Paul, Minn., Dear Sir:

"I took Peruna last summer when I was all run down, and had a headache and backache, and no ambition for anything. I now feel as well as I ever did in all my life, and all thanks are due to your excellent Peruna."—Bess F. Healy.

The symptoms of summer catarrh are quite unlike in different cases, but the most common ones are general lassitude, played-out, tired-out, run-down, nervous, combined with more or less heavy, stupid, listless, mental condition. Refresh for food and the ability to digest food seems to be lost.

Skin eruptions, sallow complexion, biliousness, coated tongue, fitful, irregular sleep, help to complete the picture which is so common at this season.

Peruna so exactly meets all these conditions that the demand is so great for the remedy at this season of the year that it is nearly impossible to supply it.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Vitality Restored. "CUPIDENE."
The great vegetable Vitalizer, the prescription of a famous French physician, will quickly cure you of all nervous diseases, such as Loss of Vitality, Neuritis, Neurasthenia, Nervous Debility, Pimples, Eruptions, Itchings, Varicose and Constipation. CUPIDENE cleanses the liver, the kidneys and the urinary organs of all impurities. CUPIDENE strengthens and restores.

The reason Cupidene is so famous is because it cures without an operation. CUPIDENE is the only known remedy to cure without an operation. It cures all the above diseases, and is the direct result of indigestion. Address: DAVOL MEDICINE CO., P. O. Box 307, San Francisco, Cal. Los Angeles County Cities and Suburban Places.

(NEWS REPORTS FROM TIMES CORRESPONDENTS.)

COLOR LINE DRAWN DIMLY IN PASADENA. ATTEMPT TO SHUT OUT NEGROES RATHER A FIZZLE.

Citizens Express Themselves Against Petition to Recruit Groom Held up by Sweetheart—New Brick Block.

PASADENA, Office of The Times, June 3.—I would almost rather lose my right hand than have had such a fight against the colored race given me, said S. B. Carr, the negro banker and politician, yesterday, in speaking of the petition which is being circulated by a few electric light conductors, asking that the city of Pasadena be made a "white city." Carr, who is a resident of Pasadena, said that he had been a member of the city council for many years, and that he had seen the city grow from a small town to a city of 10,000 people. He said that he had seen the city grow from a small town to a city of 10,000 people, and that he had seen the city grow from a small town to a city of 10,000 people.

There was a family row at No. 270, 10th St. Tuesday night, when a woman was killed by a man who was drunk. The woman was found lying on the sidewalk, and the man was arrested. The police are investigating the case.

California, after which they will return to make Cleveland their home. NEW BRICK BLOCK. H. H. Goodrich, owner of the handsome block whose lower floor is occupied by the Pasadena Grocery Company, will build this summer another structure adjoining it on the east. It will cost \$100,000. The lower floor will be occupied by the shoe store of Huggins & Holland. The senior member of the firm is Fred T. Huggins, for seventeen years with the store of Huggins & Holland. The new building will be built on the site of the old one, and will be a two-story building.

NOTES OF INTEREST. The death of Mrs. Maria Denton, aged 81 years, occurred yesterday afternoon at about 2:30 o'clock at the home of her granddaughter, Mrs. S. S. Vaughn, No. 750 South Marengo avenue. Mrs. Denton has been ill about two weeks. She leaves several children, and a son, Mrs. W. P. Forsyth, and a son, who is in Wisconsin.

Edwin Garwood, who is building himself a house of Cypress on the second story yesterday and was severely hurt, his injuries consisting of a broken ear, broken finger and various bruises.

Charles M. Parker has been placed in nomination for the office of President of the Board of Education to succeed C. J. Willett, and has accepted. J. Storey, an employee of C. W. Owens's grocery store, who has his wife and little boy lost in the Kansas ferry, they were visiting friends in this county, and have not been heard from. Storey's fears have been augmented by reading in the papers of the death of a boy named Storey.

President Boynton of the Board of Trade will appoint a committee to consider the petition of the matter of selling 100 local tickets for \$250. President Boynton will also shortly announce the petition of the Committee on the matter of selling 100 local tickets for \$250.

W. S. Melick, editor of the News, has been named by the State Board of Examiners, when he was arrived yesterday to spend a week or two.

Small "want" advertisements in the Times being swift and sure retort to Red 123 and our Pasadena Agency will take your ad, and send it to the main office, with the result that the advertisement of the Bishop Products. Different menu every day. Demonstration at Goodspeed & Royce's Furniture Store, 10th St. and Broadway.

If you wish to be in the shade get a parasol at Mac Accord.

Artist's materials at Wadsworth's.

RAH FOR THE TROLEY. TROPICO, June 3.—All who were in attendance at the large and enthusiastic mass meeting held at G.A.R. Hall last evening fully realize that unless the proposed electric trolley line will not come to this valley, and they grasped the situation and decided the matter.

F. G. Taylor of Glendale was chosen chairman of the joint meeting, and John Hobbs of Pasadena was chosen secretary. The meeting was held at G.A.R. Hall last evening.

taking the boat right along out to sea. It was a difficult matter to fight a fish in such a sea, as every wave washed over the combing of the little boat, and the angler was soaked wet up to his waist, but he pluckily held on while Elms kept busy bailing out the water. The fish toyed with them four hours, and had towed them all over that part of the ocean, and then down to Church Rock, when smoother water was found, and the game conquered. It weighed 232 pounds.

OLD SOLD SHOT FOUND. A relic of a forgotten period and perhaps some sanguinary incident in the history of the island which has not been chronicled, was picked up this morning on the beach in front of "Uncle John" Nestell's boat stand by Harry Elms. It is a small, solid shot, which has been embedded in the beach sands. It was encrusted with rust and pitted, but it appeared six inches in diameter, but weighed only three. A similar shot was found a year ago just back of the Metropole at a depth of two feet beneath the surface of the earth.

SUMMER SEA RIPPLES. One hundred physicians, members of the Southern California Medical Society, arrived on the island today, and will hold their annual convention in the parlors of Hotel Metropole today and tomorrow. Nearly all the prominent physicians of the state are here.

Since "A crust is better than no bread," a small advertisement in The Times brings in more business than no advertisement at all. The telephone company is now taking orders for a new telephone exchange, and the new exchange will be in operation by the end of the month.

SIERRA MADRE. MOUNTAIN FOOTNOTES. SIERRA MADRE, June 3.—C. H. Thornburg and friend from Long Beach were looking over property interests in the mountains today. The plan was drawn for a new house.

Rev. and Mrs. Fernoux of Mariposa county, are the guests of their brother on Grand View avenue.

Mrs. Mary Darling, who has resided here with her husband, has returned to her home in Long Beach. Invitations are out for the wedding of Miss Margaret Hester, the daughter of Mr. and Mrs. William C. Hester, of this place, to George Bishop of Los Angeles, on Saturday, June 6th.

Robert Cotton of Bellefontaine, O., and D. H. Jackson of Philadelphia, with the collie, this morning took two yellowtail and five rock bass.

RECONDIDO. STREET FAIR AND SONGFEST. RECONDIDO, June 3.—Great preparations are being made for a continuous line of amusement attractions for the coming summer. The attractions for the coming summer are being made for a continuous line of amusement attractions for the coming summer.

THE SERRA MADRE WATER COMPANY. The directors of the Serra Madre Water Company elected J. A. Osgood, president, and J. W. Williams, vice president. The company is now in the process of organizing.

SCHOOL-PRINCIPAL CHANGE. POMONA. The effort of the local Board of Education to retain Supervising Principal F. A. Wagner of the city schools, by offering him an increase of salary in appreciation of his services here, has been rejected by the board.

SEASIDE JOYTINGS. The Lido Macabrebe entertained the crowd Tuesday evening. Mr. and Mrs. Shirley V. Bacon have returned from Italy.

REAL ESTATE TRANSFERS. WEDNESDAY, June 3, 1903. Estate of Jennie and Clara Johnson, late of Los Angeles, deceased, real property, divided half lot 7, block 14, Beverly tract, No. 1.

A prominent Southern lady, Mrs. Blanchard, of Nashville, Tenn., tells how she was cured of backache, dizziness, painful and irregular periods by Lydia E. Pinkham's Vegetable Compound.

"Gratitude compels me to acknowledge the great merit of your Vegetable Compound, have suffered for four years with irregular and painful menstruation, was drowsy, and could not sleep. I decided the time to come when I would only mean suffering to me. Six bottles of your Compound brought me health and happiness in a few short months, and was worth more than months under the doctor's care, which really did not benefit me at all. Backache, dizziness, and nervousness and pains have left me. I am satisfied there is no medicine so good for sick women as your Vegetable Compound, and I advocate it to all who are troubled with these ailments. Mrs. E. A. BLANCHARD, 423 Broad St., Nashville, Tenn.—send photo if you wish to see her picture." "When women are troubled with menstrual irregularities, weakness, nervousness, displacement or enlargement of the womb, that bearing-down feeling, indigestion, and constipation, these, they should remember, there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound."

ordered, the principle must be carried out with logical consistency. The users of cocaine, morphine and alcohol must also have their badges, and they must be compelled to wear them conspicuously on their breasts, a new kind of distinction—corsets, buttons, pins, badges, ribbons, and insignia, a badge for every sort of crime and evil habit. How the breasts of some of our fellow-citizens would be covered with blinding tokens, not "for merit," but for demerit.—American Magazine.

With Sight Came Fear. John Carruth, whose sight has been restored after a life of thirty years spent in vague imaginings, says blindness is blacker than black. He is a most interesting study. Yesterday he traveled to Greenock by the train, and in one of these his companion, who is blind with full sight, experienced the most intense darkness, resembling, as he expressed it, that of the most impenetrable mist. "It is like being in a dark room," he said. "It is like being in a dark room," he said. "It is like being in a dark room," he said.

Some other curious facts about Carruth are that he has been blind for two days, and for the first time has experienced what it is to be able to see and yet be afraid. When he was blind he rode horseback and delivered messages and parcels. He was never frightened, but now, when he is blind, he is being thrown from his horse. He now declares that he would be afraid to do so. He walked on a rickety plank lying on one rail over the water with perfect confidence when he was blind. He is very timid now. He also finds, as he never did before, that he may get run over or miss his footing and he must be careful to look where he is going.

The train approached Greenock he observed that they were approaching that town. When asked how he knew, he said he could tell by the sound, though nothing of the kind was appreciated by his companion. When he smoked a cigar during his blindness he did not obtain half the enjoyment that he does now. His expressions of wonder and admiration of the beauty of the world, the beauty of the water, the fields and farms and trees showed intense delight and the deepest interest. He was taking stock of the world as he all out; it will come down."

He could hardly say that he had a definite idea of what a wrong turn was like, but he never thought that he was "sight and see" and "sight and see."—Edinburgh Correspondence New York Sun.

FIGHTING NEAR FIGUIG. PARIS, June 3.—A dispatch to the Patria from Algeria says a serious engagement between the French troops and the insurgent Moors took place during the night near Figuig, and that the result is not known.

JETT AND WHITE TRIAL. JACKSON (Ky.) June 3.—The order changing the trial of Jett and White to Morgan county, has been withdrawn. The case will be tried in Morgan county as a jury from an adjoining county can be secured.

EXPERT TESTIMONY. Coffee Tried and Found Guilty. No one who has studied its effects on the human body can deny that it is a powerful stimulant, and that it causes all kinds of ills, while Postum is a food drink and a powerful re-builder that will correct the ills caused by coffee when used steadily in place of coffee.

An expert who has studied the subject says: "I have studied the value of foods and the manufacture of food products from personal investigation and wish to bear testimony to the worth of Postum as a food drink. Coffee, I was an excessive coffee drinker, although I knew it was a slow poison. First it affected my nerves and then my heart but when I once tried Postum I found it easy to give up the coffee, confirmed coffee fiend though I was."

"Postum satisfied my craving for coffee and since drinking Postum steadily in place of the coffee all my troubles have disappeared and I am again healthy and happy and am of value to one to only quit coffee and drink Postum." Name given by Postum Co., Battle Creek, Mich.
